ISRAEL AND EGYPT ACCEPT CEASE FIRE

Farm Soil Bank Funds Slip Through

House Group Votes
Money In Secret,
Surprise Action

WASHINGTON — The House Appropriations Committee voted today to give the Eisenhower administration \$1.2 billion to start its farm soil bank program at once.

The surprise action came at a secret, hurriedly called committee session.

The vote was 36 to 7, with one Democrat, Rep. J. Vaughan Gary of Virginia, reportedly voting with six Republicans against the proposal.

Chairman Clarence Cannon (D-Mo.) said the money would enable Secretary of Agriculture Ezra T. Benson to put into effect under existing laws exactly the same soil bank plan that had been contemplated in the farm bill vetoed Monday by President Eisenhower.

Rep. Jamie L. Whitten (D-Miss.) chairman of a subcommittee that drafted the money bill at an unannounced session this morning, said there was one exception to this. He said that, as far as he knows, Benson will not be able to make advance payments to farmers this year for soil bank commitments for the next year.

Democrats had bitterly assailed this feature of the administration's plans as an effort to buy the votes of farmers in the 1956 presidential and congressional elections.

In testimony before the Senate Agriculture Committee, Benson urged that Congress promptly approve new administration legislation providing for a \$1.2 billion soil bank with advance payments to farmers.

Benson said the administration does not intend to make permanent the support price floor of 82½ per cent of parity for basic crops which President Eisenhower announced in his message Monday vetoing a Democratic bill. The bill had called for 90 per cent props for the basic crops.

Probationer, 16, Held in Theft of \$1200 Tools

A 16-year-old Cathedral City boy yesterday was booked on suspicion of stealing \$1200 worth of tools last weekend.

Deputy Sheriff Carroll Vogelaar said the youth is suspected of burglarizing an open-end garage at Ben Cowan Ford. Auto body tools belonging to Paul R. Madrox, of Transview Trailer Park, were taken from locked boxes chained to the garage wall.

A charge that the lad violated probation was also filed. His probation sentence resulted from his being involved in a hoax concerning theft of money from a Transview gas station on Christmas Day.

Serum's Epidemic Use Studied

WASHINGTON — The government this year will test the effectiveness of Salk polio vaccine in fighting threatened or actual polio epidemics.

The Health, Education and Welfare Department adopted the experimental program yesterday on the recommendation of its Polio Advisory Committee.

Under the program, U.S. Surgeon General Leonard A. Scheele will make special allotments of vaccine to states "for research projects which, in his judgment, will be useful in evaluating protection afforded when vaccine is administered during an epidemic."

CHARGES STALIN SPIED FOR CZAR WHILE PLOTTING RED REVOLUTION

NEW YORK — A former Soviet Secret Police general charged today that Josef Stalin

spied for the Czar while plotting the Russian revolution.

Alexander Orlov, living in hiding in the United States since deserting the Red Secret Police in 1938, said the late dictator's double dealing recently was exposed, possibly by Marshal Gregori Zhukov.

Orlov said he was convinced this was the reason for the campaign of downgrading Stalin now being conducted by Soviet leader Nikita S. Khrushchev at home and abroad.

Orlov, elaborating his charge at a news conference, also said that Stalin was a degenerate; the Russians may have dissolved the Cominform to pave the way for a Communist instigated revolution in France or Italy.

Those who have filed their intention with the county superintendent of schools are Dr. Michael W. Addis, semi-retired dentist; Arnold Rumwell, attorney; Frederick A. Morrison, Morrison Adjustment Company; F. Culver Parker, real estate salesman; Abram R. Simon, attorney; Herbert F. Hass, hotel operator; Leo G. Athens, manager of Lincoln-Mercury, and Henry V. Cleary, attorney.

One of the eight men will fill the post being vacated by Dr. Hugh Stephens, who is not seeking reelection.

Terms of elected officials to the school district run for three years, with Dr. Stephens' term ending this year. Ray Sorum and Haig Harris finish their elected terms in 1957 and Helen Staley and Frank Muller end theirs in 1958.

Congress Probe Rapped as Lying Suspect is Freed

WASHINGTON — Federal Judge Richmond B. Keach today acquitted former Lt. Aldo L. Icardi of perjury charges growing out of the wartime slaying of Icardi's commanding officer.

Icardi was charged with lying before a House Armed Services Subcommittee which investigated the slaying of Maj. William V. Holohan during a daring behind the lines mission in Italy in World War II.

But Keach threw out the case on grounds that the subcommittee "was not functioning as a competent tribunal" and had no power to require Icardi to tell the truth.

Defense attorney Edward Bennett Williams had contended that Icardi had been summoned before the subcommittee in 1953 solely to entrap him into committing perjury.

Williams also had noted that a congressional committee to be valid must have a legislative purpose in mind when it conducts hearings.

The government had argued that the subcommittee was interested in finding out whether civil and military law adequately covered situations like the Holohan murder.

But Judge Keach said today he was impressed by the fact that no witnesses were questioned by the subcommittee on the Defense Department's conduct of the case either before or after the discovery of the major's body in the icy waters of Lake Orta in 1950.

Pact Covers Full Length of Borders

Action Dampens
Possibility Of
Middle East War

JERUSALEM — Israel and Egypt have agreed to a cease fire, the United Nations announced today.

The agreement covers a complete cease fire along their much-troubled borders, the office of the U.N. Truce Supervisory Organization here said.

The agreement came as a result of the current peace mission to the Middle East by U.N. Secretary-General Dag Hammarskjöld.

ITS ACCEPTANCE by Israel and Egypt means that the key objective of the mission assigned Hammarskjöld by the U.N. Security Council has been achieved.

It will prevent further clashes between the two sides and dampen the possibility of an Arab-Israeli war, which had threatened to set the whole Mideast aflame.

A U.N. spokesman said the Israeli and Egyptian governments notified Hammarskjöld that as from yesterday evening orders were in force on both sides that "no military or para-military forces, including non-regular forces, may shoot across the demarcation line or pass over that line for any purpose whatsoever."

THE U.N. CHIEF was reported to have worked it out in his sessions the past two days with Prime Minister David Ben-Gurion and last week with Egyptian Premier Gamal Abdel Nasser in Cairo.

Government circles said Ben-Gurion decided to get his cabinet to sanction the agreement because of some of the concessions he made during his talks with Hammarskjöld.

A principal one concerned the drawing back of border patrols along the Gaza Strip boundary and another gave more freedom of movement for U.N. truce observers, the sources said.

THE APPARENT easing of tension in the Middle East coincided with these developments:

1. British Foreign Secretary Selwyn Lloyd reassured Parliament in London that Britain stands firmly alongside the United States and France as guarantors of the peace in the Middle East.

2. U.S. Ambassador Edward Lawson left Jerusalem for Washington by plane for consultations.

3. The foreign ministers of Norway, Sweden, Finland, Denmark and Iceland meeting in Copenhagen were reported to have decided against a joint Scandinavian intervention in the Middle East.

Tax Reduction Would Save Three Billion

Mason Would Make
Up Treasury Loss
By Foreign Outback

By UNITED PRESS
Rep. Noah M. Mason (R-Ill.) introduced legislation today to cut income taxes a flat 10 per cent.

Mason, a member of the tax writing Ways and Means Committee, said the bill would put an additional \$3 billion in taxpayers' pockets. The loss to the Treasury, he added, could be made up through elimination of "the \$5 billion yearly foreign aid given away" or through savings he said would be possible by congressional adoption of the Hoover Commission's government reorganization plans.

Mason did not relate his proposal to the budget surplus forecast yesterday by congressional staff experts. They predicted the Treasury would be \$2 billion in the black at the end of the fiscal year.

TODAY REP. RICHARD M. SIMPSON (R-Pa.), also a member of the Ways and Means group, on his own, upped the prediction to about \$4 billion. He said that much surplus should be translated into general tax cuts.

Simpson agreed with a prevalent view among most of his committee colleagues that a \$2 billion surplus wouldn't warrant a cut.

"But I think the surplus is going to be considerably larger than that," Simpson said. "I believe it will be closer to \$4 billion."

Robbers Again Cloud Rainier Fete, Steal Paintings Worth \$100,000

MONACO — Robbers striking during the wedding celebrations of Prince Rainier III and Grace Kelly stole paintings worth \$100,000 from the home of a wealthy doctor in Monte Carlo, it was disclosed today.

Monaco police once more chose to be as silent as they were on thefts of some \$60,000 in jewels from wedding guests at the Hotel de Paris.

But informed sources disclosed the art loss, and the victim's wife declined today to deny it.

Monegasque police, however, put out an international alert for the paintings at all frontier posts, ports and air fields. The alarm was spread by Interpol, Europe's cooperative international police organization.

Atoms for Peace Plan Approval Pleases Ike

WASHINGTON — President Eisenhower expressed great satisfaction today with the preliminary approval of an international agency to carry out his long cherished atoms for peace program.

Ambassador James Wadsworth, deputy U. S. representative to the United Nations who led the 12-nation negotiations on the agency, disclosed the President's feelings after a call at the White House.

The United States, Russia, and 10 other nations yesterday approved a draft charter for the international agency which Mr. Eisenhower first proposed in his historic atoms for peace address to the United Nations in 1953.

Wadsworth predicted that the charter will be ratified by an 84-nation conference which will be held at the U. N. headquarters in September.

The President, Wadsworth reported, was "very much gratified" by the preliminary agreement reached here after weeks of negotiation. The agreement came after Russia, in a major concession, dropped its demands for a U. N. Security Council veto on the agency's activities.

Rebel Bolivians Drag 4 to Death

LA PAZ, Bolivia — Police are on the warpath in the mountains of Southeastern Bolivia today, seeking Indian murderers who dragged four men behind horses for a mile and then shot them to death.

The Indians also wounded the chief of police and a school teacher in the mountain village of Culpina.

The newspaper El Dia said the outbreak of violence resulted from friction between Indian and half-breed leaders of the governing party in Chuquisaca province.

Monaco's frontier with France is unguarded, and there was a possibility the paintings may already have been smuggled there.

The theft apparently occurred yesterday, the day that all Monegasque were invited to the palace to meet the new princess.

The paintings were the property of Dr. Serge Mikhaïlov, a naturalized Monegasque. Some reports said five pictures were taken.

They included at least one Reubens and Van Dyck. The Reubens was a self portrait reported worth \$20,000.

Broomstick 'Gun' Collars Robbers in San Leandro

SAN LEANDRO, Calif. — A pair of suspected burglars from the Pacific Northwest were captured by an eight-year-old boy, his uncle and grandfather — at the point of a broomstick "shotgun."

The two men were spotted slipping gasoline from a parked car by little Timmy Briery, who glanced out a window Tuesday night while preparing for bed.

Timmy informed his grandfather, Lee J. Kelly, 58, and his uncle, Richard Kelly, 24.

While the boy telephoned for police, the uncle approached the two men and asked them what they were doing. When told to mind his own business, Kelly replied:

"Look across the street and you'll see my father holding a shotgun on you."

When police arrived, the two suspects discovered that the "shotgun" they had been worried about was only a broomstick.

Wadsworth predicted that the charter will be ratified by an 84-nation conference which will be held at the U. N. headquarters in September.

The President, Wadsworth reported, was "very much gratified" by the preliminary agreement reached here after weeks of negotiation. The agreement came after Russia, in a major concession, dropped its demands for a U. N. Security Council veto on the agency's activities.

Thornton denied a report Wednesday that he might succeed Douglas McKay as Secretary of Interior after McKay quits in June to run for the U.S. Senate from Oregon.

Speaking to the Long Beach Republican Club, Thornton also said he favored President Eisenhower's veto of the farm bill as sound public policy.

Interest Shown in Professional Building Plan

A large amount of interest has been shown in the planned development of a \$750,000 professional building located between Palm Canyon Drive and Indian Avenue and fronting on each—the project of Herman M. This was reported today by Mike Jekyll, whose firm of Associated Realtors is exclusive agents for the Palm Canyon Drive Professional Building. One of the most popular features mentioned by persons interested is the special designing for strictly professional use, Jekyll said.

Tourists Spend Record Sum in Southland

Out-of-state tourists spent \$291,522,000 in Southern California during the past six months, the All-Year Club reported today.

This was a gain of 5.8 per cent over the same six months a year ago. W. Herbert Allen, president, reported to a meeting of the directors of the community tourist advertising organization. The nearly one-third billion dollars was spent by a total of 1,851,000 tourists coming on pleasure trips. This was 12.2 per cent more than the same period a year ago. Allen reported on the fall and winter seasons covering the six months from Sept. 1, 1955, to March 1, 1956.

This followed a record-breaking 12 months during which number of vacation visitors coming to the Southland soared above four million for the first time. They spent \$564,000,000 during the 12 months.

Nixon, Knowland Surrounded by a Strange Quiet

WASHINGTON — All is strangely quiet on the Potomac and the sudden silence seems to relate to California's pair of golden boys.

No one has denounced Vice President Richard M. Nixon now for more than a fortnight, maybe longer. It must be a month or more since Senate Republican Leader William F. Knowland has hauled off in public to slug the Eisenhower administration.

Knowland was among the first and was the foremost Republican politician to challenge the idea that the party needed President Eisenhower to head the 1956 ticket. There isn't any essential man, said Knowland. And he backed his judgment with his political future by filing himself as a candidate for the Republican nomination in several primaries.

KNOWLAND BUCKED the administration on foreign policy. When Mr. Eisenhower proposed at the Geneva summit conference an aerial inspection as part of a general disarmament program, Knowland prevented Senate Republicans from instantly acclaiming the proposition.

Some of them might not have acclaimed anyway. Knowland eliminated all chance, however, by a simple device. He just failed to pass on to fellow Republicans the word that the proposal was coming and that the President hoped for some quick and clamorous congressional cheers.

Senate Democrats and House Republicans and Democrats were alerted. They sounded off on schedule and on key. Knowland's Republican broad read about it in the newspapers.

That's the way things were going last year and for a while into 1956 with Mr. Eisenhower and the young Senate leader.

THE AIR AROUND Nixon, meantime, was full of what the late Hugh Johnson used to call dornicks and dead cats. Nixon was under double-barrelled attack, first to get him off the Republican ticket if Mr. Eisenhower was again a candidate, and, second, to prevent his nomination for president if that spot were open. Nixon was getting almost as much publicity as Sen. Joseph R. McCarthy used to, most of it unfriendly and unkind.

Knowland, in his presidential primary offensive, and Gov. Goodwin J. Knight, back home in California, were arming themselves against Nixon and the possibility that he might seek the presidency. All of this was building up to a first class ruckus when President Eisenhower returned from his golf vacation—before — last and announced he would run for president, after all.

That ended the political maneuvering among Knowland, Knight and Nixon. The movement to bounce Nixon off the ticket continued, however, sparked largely by amateur politicians whose influence rested solely on their personal associations with Mr. Eisenhower. Considerable publicity finally overtook that effort and persuaded Mr. Eisenhower to welcome Nixon aboard for 1956 in terms which probably will close the debate.

SPECIALTY DANCE NUMBER which is a parody on Village life will be performed by Bubbles Schlesinger, Barbara Foster and Norma Smith during the Desert Circus variety show being presented tonight and Friday by the JayCees and JayCettes at the American Legion hall. It's Ramona Pageant Time Again in Hemet-San Jacinto

Once more it's Ramonatime and everything is in readiness to welcome the largest weekend influx of visitors and tourists in the history of the colorful Ramona Outdoor Play at Hemet-San Jacinto, according to Milton R. Nims, general manager of the Ramona Pageant Association.

Final rehearsals have been staged, the hundreds of pictorial costumes have been made ready, and the Ramona Bowl is in tip top shape to afford visitors the utmost in comfort and convenience as they gather from all sections of the southwest to view this celebrated outdoor dramatization of Helen Hunt Jackson's historical novel of the plight of the Indians during the early days of settlement in California.

The play will be staged on three consecutive weekends, Saturdays and Sundays of April 21 and 22; 28 and 29, and May 5 and 6, at 2:30 p.m.

With Dorothy Bailey once again portraying the title role and Maurice Jara in the role of Alessandro, the pageantry is unfolded for audiences thrilling to the romantic life of colorful days of the Dons. Spanish dances with dark-haired and flashing eyed señoritas twirling and flirting with debonaire caballeros, to the haunting rhythms of guitars contribute gayety to the fiesta scenes.

The setting is one of interest with the slopes of Mount San Jacinto forming the huge stage and the picturesque San Jacinto Valley spread out below.

For those who arrive early at the Ramona Bowl, there are picnic grounds nearby and the interesting Ramona Museum will be open where much can be learned of Indian lore and handicraft through many colorful exhibits.

The performance will start promptly at 2:30 each afternoon.

Go Western for Circus Week

Villagers should join in the spirit of Circus Week and wear their Western outfits. Too little attention has been paid this important phase of our annual community celebration that goes back to the days when everybody wore colorful attire. It adds festiveness to the occasion and makes a good impression on our visitors. Getting in to Western gear also helps Villagers get into the spirit of the occasion.

The parade route should be lined with residents in Western wear — a colorful shirt and tie if nothing else. Employers should urge their personnel to wear Western clothes the rest of the week and thus help contribute to the success of the occasion.

An excellent program of events for Circus Week has been arranged, details of which may be found elsewhere in this issue of The Desert Sun. Participation by Villagers in the events is also important to the success of the event on which so many local residents have spent a great deal of their time for several weeks.

Get into your Western outfits and join in the fun!

League Should be Representative

There has been some criticism — and justly so — that the Palm Springs Home Owners' League is not representative of the home owners of the community because it does not have enough members. It cannot be claimed that this is the League's fault, however. The organization is open to all home owners of Palm Springs and the League has publicly invited all home owners to become members.

So, if the organization is not representative of the home owners it is the fault of the home owners themselves.

The group is organized with a very definite purpose — to look out for the best interests of the home owners. They publish reports on local candidates and recommendations on bond elections. They perform a valuable service for property owners who pay most of the

Selling With Taste Appeal
(Redlands Daily Facts)

You can junk that old standby, "When in Rome do as the Romans do." For Agriculture Secretary Ezra Taft Benson has announced his troops are planning to install a realistic American supermarket in Rome, Italy.

It's going to be set up for a week in June during the meeting of the Third International Congress on Food Distribution. The food and equipment will be furnished by the U.S. National Association of Food Chains.

It should be a dilly. The display, appropriately labeled, "American-Way Supermarket," will feature more than 5,000 representative lines of U.S. processed foods.

That means everything from canned corn to complete frozen dinners, and dairy products, of course. Nobody can actually buy the stuff, just look. But samples will be passed out to visitors.

Purpose of the exhibit is to show our latest advances in food merchandising and distribution techniques. Maybe it will even give Italians new ideas on purchasing and preparing their pizza and spaghetti. But for the sake of thousands of American tourists, let's hope not.

WASHINGTON REPORT

One reason for that hope, Stassen explained, has been the absence of tirades and other propaganda harangues that usually characterize Russian tactics at these parleys.

"So far our meetings have been thoughtful, earnest and devoid of blasts and vitriolic outbursts," wired Stassen. "What will happen in the future is impossible to forecast, but so far the proceedings have been serious and seemingly sincere. Gromyko has been critical on occasions, but in a proper manner. All this may or may not be of significance as regards the Soviet's real intentions."

FLASHES — The long-assailed General Services Administration is undergoing another shake-up. At White House demand, two top officials have resigned and several others are slated to get the ax.

Senator Stuart Symington, frequently mentioned as a "dark horse" possibility for the Democratic presidential nomination, has written several letters to former Air Force Secretary Harold Talbott assuring him of not having anything to do with the "leak" of those "conflict-of-interest" letters that led to his resignation. The publication of these letters, that Talbott wrote to business firms, led to the Senate investigation that wound up with his losing his prized Air Force job. Symington was a member of the probing committee, and he has twice written Talbott denying being responsible for his letters' getting into reporters' hands.

NOTE: American experts slated to go to Russia include a power group, a housing team, sales and distribution specialists, a number of business editors, educators and atomic scientists.

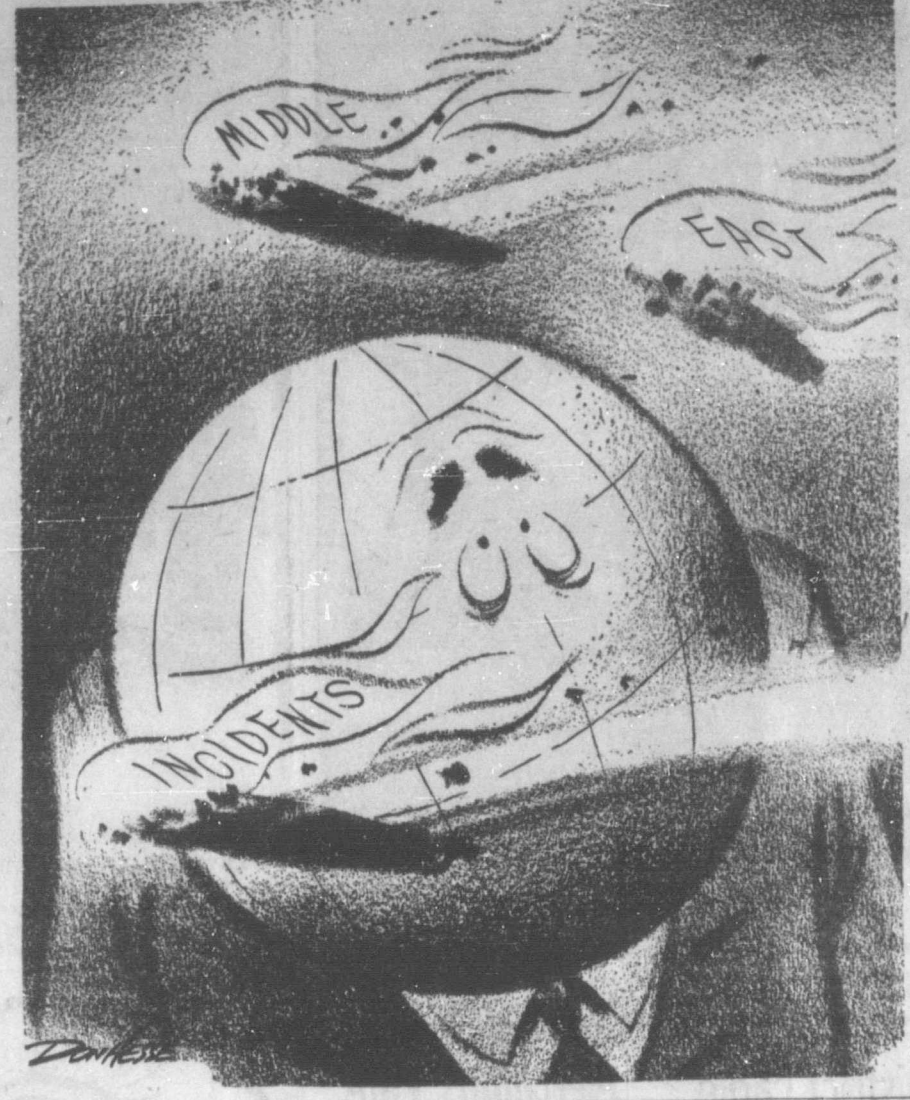

TOO OPTIMISTIC — There is no real foundation for those rosy London press reports that Russia is ready to accept President Eisenhower's famed "open skies" disarmament inspection plan.

These dispatches were premature, to say the least. The Soviet has agreed to nothing along that line.

That's what Secretary Dulles has been advised by Harold Stassen, U.S. representative at these disarmament negotiations. The former Minnesota Governor warned against expecting too much from the Reds.

"There has been no Russian reaction so far to either the aerial inspection proposal or our new atomic plan," cabled Stassen. "Strongly advise against undue speculation on the likelihood of the Soviet accepting these propositions. However, their failure to do that would not necessarily mean the break-up of this peace undertaking."

Look Out for Flying Embers

THIS SIDE of The Sun
By **Phat**

Say, Hey! Soon May!

It's only about 10 days off and I was reminded of its approach by a kindly missive from a woman visitor.

The "Stay Through May" campaign, inaugurated in one of these pieces some years ago at the behest of Grant Wood, then advertising manager of The Sun, is paying off. (Wood, no doubt, urged the May promotion so that he could sell more advertising longer.)

But now, each year come nice letters thanking us for plugging a continued sojourn through May.

AT ANY RATE, this week's communication started off somewhat rough but wound up beautifully.

This woman said: "Having for many years terminated my stay here in April because it generally turns hot early in that month; I believed you were just a kept writer with all of that guff about May being one of the nicest months on the desert."

"Figured that you were being subsidized by the hotel and cafe men to keep people here. Probably free meals (drinks?) and lodging for visiting friends."

"Last year, however, because of events not of my control, I was obliged to remain here until May 15. Then I found that you people were right about May. Instead of leaving May 15 I stayed right on into June. That was nice, too."

"Please pardon all of my mean thoughts about subsidization by hotel and cafe men."

Thank you, Lady.

SPEAKING OF MAY, as I was above, reminds me. Our traffic record should show a slight improvement this year.

There'll be only one triple holiday the remainder of 1956 — Labor Day. Last year we had Memorial Day, July Fourth and Labor Day. Of course, this year there is Veterans (nee Armistice) Day which falls on a Sunday and will be observed on Monday but that is not the big touring day the others are.

Memorial and Independence days fall on Wednesday this year, thus reducing the traffic materially from last year's Saturday through Monday jams.

According to insurance company statistics, 15,730 highway deaths, almost half of the year's total, occurred on weekends in 1955. And when these weekends have an extra day, the toll mounts.

JUST FLOWING ALONG, one thought to another — May to traffic and traffic to enforcement, brings to mind the new plan in Pasadena where radar speed control has been inaugurated.

Just those little signs "RADAR SPEED CONTROL" have been enough to slow down the speeders there. They know an electronic eye is watching them but don't know where. They play safe and the accident toll is dropping.

Now, if they would introduce unmarked police cars just as they have plainclothes policemen, other foolish driving habits would be all but eliminated.

For a driver wouldn't know for sure whether that car ahead was a police car or an ordinary tourist — and he'd behave more carefully. He wouldn't take chances and an automobile in the hands of a chance-taking driver is just as deadly as a gun.

Liberace's Life Story

HOLLYWOOD — Liberace is writing his life story. "They Laughed When I Sat Down" ... Rock Hudson had some heated words with his wife at the Interlude, a Sunset Strip Saloon. He stamped out, she stayed on. Later, at home, I'm told, they made up ... MGM, happy over Susan Hayward's singing in "I'll Cry Tomorrow," is paying her to sing Garbo's old role in "A Saint She Ain't," its musical version of "Anna Christie" ... Now Marilyn Monroe tells me she wants to play Marguerite in "Faust." Marilyn adds, "I believe the public wants good commercial entertainment, whether it's sex, comedy or adventure, and I want to do any type of story as long as the script is good. Anything but Cinderella. I've been hearing about that ever since I was a little girl and I'm sort of tired of it."

Sean O'Casey, world's greatest living playwright, is reported near death in Tourquady, in the south of Devon, England. O'Casey recently had to leave his cottage in Totness, a few miles from Tourquady, when his landlord raised his rent. His friends claim O'Casey couldn't afford to pay the higher tab ... An Abbey player named David Locke, not long in Hollywood from Dublin, sought out O'Casey before he came to this country to ask the playwright's advice on how to be successful. Said O'Casey, "Do what I did — take the good from the past and bring it to the present for the good of the future."

Some youngsters who've been putting on a bright, gay & giddy revenue in a lower-level saloon in Los Angeles, called Cabaret Concert are moving uptown this week to Hollywood's swank Mocambo. I've been hitting every talent scout in town over the head to go down and catch the act. Now the kids have brought it to them. It's called "Be My Guest" and Don Loper is producing it and I foresee nothing ahead for everyone involved but stardom.

John Wayne went to St. Joseph's hospital in Burbank to bring home his wife and new baby. He told the staff, "I'll be back next year to bring home another baby." ... Jimmy Cagney Jr., enters Cornell this Fall ... Republic has another "Marty" on its hands in "Come Next Spring." The Ann Sheridan-Steve Cochran starrer is a sleeper made for peanuts or a fraction thereof.

TV TOPICS
The story behind the Sid Caesar-Nanette Fabray breakup is much simpler than the papers would have you believe. Nan just wanted more money, co-star billing and a partial ownership in Shellie Inc., Sid's company, for tax reasons ... In order to claim tax concessions (the real reason for his decision to "settle" in Jamaica for a year) Noel Coward must stay out of England at least a year ... Fess Parker made his first appearance on TV in England and promptly forgot one of the choruses of "The Ballad of Davy Crockett" ... Overheard at Ciro's: "Haven't we met before or are you going to spoil the whole evening by saying no?"

Earl Wilson: Cops Frisk Wedding Guests

MONACO — Everybody's been playing detective at the Grace Kelly wedding since the \$50,000 jewel robbery, and Grace is lucky she herself hasn't been frisked for a rod — or, what's almost as bad here, a camera.

"Don't look now, but the joint's full of dicks," the somebody whispered to me at the \$100,000 gala where Rainier's bodyguards in white tie and tails had a front table.

Wedding guest Matt McCloskey of Philadelphia revealed to me that the theft of his wife's jewelry wasn't the only one — there was another jewel robbery at the Hotel de Paris and one at the nearby Hotel Hermitage.

This added needed mystery to this "To Catch A Thief" real life love story.

American guests at the gala — Grace wore her glasses to see what was to eat — kiddingly whispered, "Wanna buy a hot diamond?"

The Monacan police had luck finding people with cameras, anyway.

Fordham law student Stan Rubin, leader of the Tigertown Five Dixieland jazz combo, Grace invited to the wedding, was sharply questioned by a cop about both his tiepin and his clarinet.

"You're sure you can't take pictures with these things?" the gendarme demanded suspiciously. A French stagehand who wished to record the love story for his album plaintively said, "I take pictures. Now I have no camera."

The cops confiscated it. As Grace entered the "Sporting Club" gala an American photog who'd been shoved around shrilled out, "Grace, they're treating us like lumps!"

Rainier — and what an apt name, for it gets rainier and rainier; it's practically Pago Pago — swept her inside.

THE PRINCE HAD a right to be nettled, though, about many of the crazy rumors being printed.

"Grace is a prisoner in the Palace crying her eyes out because the prince won't let her see anybody," a London paper said.

The rumor factory in Madrid said Jack Kelly — known there as "King John" — arranged the marriage because he wanted to acquire the local railroad.

What he'd do with this Toonerville is hard to imagine, because all his children are too big for toys.

But it was a big party. The Aga Khan's Begum wore some diamonds that hadn't been cut yet. Mayor Wagner's representative, attorney Arnold Grant, agglitter in white tie and tails, said this wasn't anything like Toots Shor's.

Only a few reporters were admitted. A London sob sister came in during the dessert, whispering, "I hid five hours in the lavrrette to get in here."

Mrs. McCloskey wore some jewelry the burglars didn't get — and "twas more expensive than what they got."

Police believed her jewelry was spotted in the casino of the Sporting Club the night before the robbery.

All wits worked overtime on the robbery theme.

Journalist Art Buchwald claimed all jewel thieves would be barred by Rainier from the wedding — but that only one would be let in to represent all the jewel thieves, as is being done with photographers.

Porfirio Rubirosa added some male sex appeal. I saw him hand-kissing pretty Mrs. Socrates Aristotle Onassis, and asked him whether he's romantically interested in the rich lady who's reported splitting with the tremendously wealthy Greek.

Rubi said he wasn't — a surprising answer.

The Philadelphia Influence is so great that the Riviera could be called the "Main Line of Europe."

One of the Kellys — there are so many here — said, "It's real cozy here — practically like being at the Philadelphia Country Club."

A big hit here was Los Angeles-born Eddie Constantine, now a big French movie star, and his daughter, 12, born in New York. They had hoped to show his new movie, "Folies Bergere," at the gala, but it wasn't finished.

His manager suggested they could show it "if you would like to postpone the wedding."

He never heard from that.

THE MIDNIGHT EARL IN N. Y. ...

"The Ziegfeld Follies" called off a preview performance out-of-town; some of the costumes arrived late and Tallulah wouldn't go on ... "Mr. Wonderful" went over the \$50,000 mark last week ... Agent George Wood flew to Paris to talk business with Rita Hayworth ... Mae West, who had Mr. America in her act last year, will have Mr. Universe at the Latin 1/4 — and how can you top that?

Count Basie will open a cafe in Harlem, and Esme Hammond suggested a name: Basie's Musement" ... One TV network is hunting studio space in Westchester ... Monaco gag line: "Will Grace wear a white veil or a green eye-shade?" ...

MORE ... Susan Strasberg, 17 and too young to drink, added a cherry to her ginger ale at Gilmore's so it'd look like an old-fashioned ... Virginia Leith's next film will be "A Kiss Before Dying."

Are Jack Carter and Leslie Crane setting a September date? (Jack's answer: "Well, that's a long way off" ... B'way showgirls are being called by a phony using Cary Grant's name ... Scene in a local restaurant: Ginger Rogers, barefoot, wiggling her toes as she dined ... Joe DiMaggio's newest steady is model Joan Kent ... Tina Louise dates Bill Williams at the Villa Victor, Syosset.

EARL'S PEARLS ... Lillie Cook still hasn't figured out whether the ladies' hats looked that way because it was Easter or because it was April 1.

Congressional Report
Cherry Blossoms

By **REP. JOHN PHILLIPS**

I remarked once that the job I would like least in Washington would be prophesying the weather; particularly the job of setting, well in advance, the time the famous Cherry Blossoms would bloom in the Spring. They are blooming now and this is one of the few times in my experience in the Capital when the weatherman and the blossoms have been in agreement.

The Park Service struggles to help, by spraying the trees to slow the blossoming if Spring is gaining on the weatherman, or spraying them with some activating substance if the blossoms are dragging their petals. It's a wonderful sight and the hotels are crowded and so are the streets and the corridors of the Capitol.

The Cherry Blossom Festival has been staged since 1927 and the young Princesses in their formal are as beautiful as they are probably chilly. You know of course that the cherry trees were a gift to the United States from the citizens of Tokyo, Japan. There are 3000 trees, which may surprise you, and you may be even more surprised to know that the trees are a combination of 11 different varieties of the flowering cherry. They had to be grafted by the meticulous Japanese, using a special method to develop the double-flowering feature.

The most famous, however, is a single-flowering variety, the Yoshino, which is said to have been grown in Japan for a thousand years. The eleven varieties bloom in a period of about 30 days.

The first shipment of the trees arrived in Washington in 1909 and to the embarrassment of everyone involved was found to be infested with an insect we were trying to keep out of the United States. They had to be destroyed. A second shipment arrived in 1912 and were cleared as healthy and were planted around the Tidal Basin and in Potomac Park. This first planting was accompanied by considerable ceremony. Mrs. William Howard Taft, the wife of the then-President took part, and so did Viscountess Chinda, the wife of the Japanese Ambassador. That was March 27, 1912.

He says the former is the language of the original Constitution, but that Amendment I dropped the "the" and that the Presidents, in their Messages, from Washington to Lincoln, said "Congress." Authors of Constitutional Amendments, seemed generally to prefer "the Congress."

The recent vogue, as Professor Corwin calls it, owes much, no doubt, to President Wilson's use of the "the Congress," when he came up to the Hill on April 8, 1913, to give his State of the Union Message in person, thus reviving a custom which had been in disuse since Jefferson's days. His Message began, "Gentlemen of the Congress," FDR picked it up again and always used the older expression.

If you want my candid opinion on this important matter — who cares! Personally I'd be more interested to find that a majority of the young men and women graduating from the colleges and universities year after year know more about our form of government and the Constitution; the backgrounds and the observations and the examples, both historic and real at the time of the American Revolution, which brought the Constitution into being in the form we know it; the reasons for the simplicity of the "republic," and above all, why it was intended that we should keep an aggregate of power out of the hands of a central government, for the protection of our own liberties, as well as our own souls.

So call it "the Congress" or "Congress," but for the sake of the liberties of your children, understand why we set up the republic as we did, with "the Congress" as one of its unique parts.

CATHEDRAL CITY JUNIOR Women's Club held a "Mad-hatter" party at the Town Hall Tuesday, and awarded prizes for the most unique hats made by the members or guests. Three businessmen acted as judges, left to right, Ted Smith, Orvil Zappe and Ben Scott, and they named Mrs. Vernon Krings as winner. Her hat was shaped

like a ham-hock, with an onion on top and lima beans in the form of a tassel. The women in the background include Pauline Vedrode, Jeannine Mennell, Mrs. George Neidhart, Helen Beckley, Claire Aquila, Alice Morrison, Mickey Krings, Margaret Davidson and Kay Scriver. (Desert Sun photo)

Youth Problems Discussed at Cathedral City

CATHEDRAL CITY — Directors of the Cathedral City Youth Center met with representatives Marvin Gallant and Ruth Watkins of the Teenagers, for discussion of problems facing the groups.

It was decided that with the summer season coming on which calls for a greatly increased activity, that an appeal would be made for funds toward operating expenses and permanent facilities.

The prime function of the Youth Center is to provide activities for the teenagers during the summer months, when school is not in session.

Others present at the meeting was: Madeline Gallant, Anita Buccino, Mary Jorgensen, Ray Abbey, Dr. John Beukema, Paul Clark, Dave Cromwell, Robert Irvine and Carl Mayfield.

Fifty people were in attendance at the Junior Woman's Club Mad-hatter Tea Party at the Town Hall Tuesday afternoon, April 17. Mrs. Vernon Krings won the prize for originating the maddest hat. The judges were Mrs. Eva Coleman, Ted Smith of Rancho Mirage, Orvil Zappe and Ben Scott. The proceeds will be used to finance the club's many projects. President Mrs. Mazie Squires extends her thanks to all who gave of their time and efforts to make the party a success, and to the members of the Banning Club who attended.

Explain Sewing of Nylon Jersey

CHAMPAIGN, Ill. (AP) — The use of nylon jersey for home sewing isn't as difficult as it was long considered, a University of Illinois study has shown.

The study, made by graduate student Virgene Griffin, indicates that with time and patience and the necessary skills and techniques in handling the fabric and machine, nylon jersey can be worked in the home.

Simple patterns are a requisite, however—patterns with few seams, no pockets or buttonholes and few details. Darts and tucks also should be avoided.

Sewing with nylon jersey must be done slowly. Rapid sewing means skipped stitches and puckered material.

Dress It Up

To vary the dressing for fruit salad, combine ½ cup fresh orange juice with ¼ cup of fresh lime juice, 1 cup of salad oil, ¼ teaspoon of salt, ½ teaspoon of sugar and a dash of ground black pepper. Beat with a rotary beater. Stir in ½ cup of grated raw apples, if desired. This dressing also is good on head lettuce.

Governor Guest of Kempers

Governor and Mrs. Goodwin J. Knight, who have been spending a few days in Palm Springs, were guests of honor Tuesday night when former Ambassador to Brazil James Kemper and Mrs. Kemper entertained at the Committee of Twenty Five Club.

The Knights, who come to Palm Springs whenever the pressure of duty permits, came down for some rest and sunshine, and the Governor will address the Ramona Pageant Newspaper Publishers banquet at Hemet Saturday night. California's charming first lady wore a gown and light coat of beige, a flower cap, and a corsage of cymbidium orchids.

The Kempers' guests assembled first for cocktails on the lawn back of the clubhouse. It was a clear cool night and the dinner tables were set up in the clubhouse, where Santos had prepared an elaborate buffet. Low, massive arrangements of pink and white flowers with tapers were used as table decorations.

Following dinner the assemblage danced on the out door dance floor to the Latin American music of Manuel Contreras and his NBC orchestra.

Mark Kemper, of Chicago, and Mr. and Mrs. Hathaway Kemper were among the guests. Others were: Messrs. and Mesdames J. E. French, George Barrett, Mel Eaton, George Roberson, Reuben Fleet, Frank Bennett and their houseguests Col. and Mrs. Thomas Bohman, Henry Dillard, Fred Albertson, Thomas Fleming, Neil Jamison, William Moncrief, Spencer Grant, F. C. Dougherty, Ben Shearer, Gordon Prentice, Floyd Turner, Dick Edwards, John Lucareni, O. E. L. Graves, Bruce Burritt, William McKay, Fred Karlen, Frank Armstrong, and Dr. and Mrs. Frank Purcell.

And: Meses. Walter Braunschweiger and her houseguest Mrs. Roy Durstine of New York (wife of the national advertising agency man, formerly of the firm of Batten, Barton, Durstine and Osborn), Beatty McCullough, Wallace Muelder, Charles Becker, Grover Weyland, Noble Banks, W. B. Malouf, and Mr. Ed Dillon, Leo Owens.

CALIFORNIA'S GOVERNOR and Mrs. Goodwin Knight were honored guests Tuesday evening, when Mr. and Mrs. James Kemper entertained around 75 at cocktails and dinner at the Committee of Twenty Five Club. The distinguished guests are

Frank Scully to Speak at Conference

Frank Scully, presently living in Palm Springs, will fly to Los Angeles for consultation with the board of the Muscular Dystrophy Foundation, of which he is president, and then to San Francisco to be a guest speaker at the Spring conference of the Catholic Library Association, to be held April 21 at Presentation High School.

He will head a panel discussion of "Recipes for Reading" and raise the question as to whether nursery rhymes about cutting off tails of blind mice, fathers who eat stolen pigs and such nonsense do not contribute their mite to the mess called "juvenile delinquency."

"It is still true," he said, "as the tree is bent the branch inclines, and the fact that there is so much delinquency in families that never knew poverty indicates there must be something wrong with modern education both at home and in the classroom."

The author of such best sellers as "Fun in Bed," "Behind the Flying Saucers," "Blessed Mother Goose" and "Cross My Heart," Scully is also the father of five children. He was politically active for several years in Hollywood and was once secretary of the state department of institutions where he instituted many reforms, particularly of the reform schools.

Mrs. Scully will make the trip with him.

Expert Okays Kitchen Gadgets

Kitchen gadgets, although husbands may not think so, do have a definite purpose and usefulness, says Ruth Sands, of Michigan State University's institution administration department.

Mrs. Sands, whose own favorite gadget is a wire whip or beater which is used in a teacup to whip a small amount of cream or an egg white, cautioned homemakers against buying too many gadgets that won't be used.

One of the better kitchen aids is a roast lifter, which looks something like a pancake turner except that the part that slips under the roast is slightly curved and much larger. This gadget is much easier to use than forks when transferring the meat from the roaster to a platter.

Scholarship Benefit to Be May 20

Sunday, May 20, has been selected as the date of the Soroptimist Scholarship Benefit at the Plaza Theater, which will present Kirk Douglas in "Ulysses" and Trixie Jarrette's Dance Revue.

The committee for the Benefit consists of Dorothy Stein, Polly Isenagie, Trixie Jarrette and Wynne Hammond, who will work with Warren Strebe, theater manager. Other club members working on the project are Dorothy Groth, Else Addes and Ida Keeney.

Josephine Weiss, guest of Hanna Laurye, Gertrude Martin, Ruth Carter and son, Jimmy, of Monterey Park, were present at the Soroptimist luncheon Tuesday at the Chi Chi. Jimmy, who is five and one-half years of age, delighted the Soroptimists with his impromptu performance of the song, "Five Foot Two," and it was learned that he has been on television in amateur contests and in other youth shows.

Madge Holderman, Mildred Jackson, and Lucille Johnson, who attended the Spring Conference of Soroptimist International, Pacific Region, at Las Vegas this past weekend, will report on their trip at the luncheon meeting, April 24. These three Soroptimists flew to Las Vegas via Western Airlines and created quite a stir with their bizarre Palm Springs hats.

Spuds Bake Best if Uniform Size

Choose baking potatoes of uniform size so all will get done at the same time, Ethel Diedrichsen, of the University of Nebraska, suggests.

Odd shapes or sizes can best be used for frying, combination dishes, or cutting in pieces to boil for mashing.

To get the most-food value, boil or bake potatoes in their jackets. Use only a small amount of water for boiling to save vitamins. If you peel the potatoes before cooking keep the peelings thin.

Wax flowers can be freshened by dipping them in alcohol and then swabbing them with a soft, small paint brush.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK (AP)—Curt Simmons was confident today that everything is going to turn out all right in what amounts to his "year of decision."

The fireballing left-hander of the Philadelphia Phillies has been one of the major disappointments among baseball's "name" players. It was a combination of bad breaks and a mysterious arm ailment.

But Simmons faces the new season with his arm "feeling fine" right now and the Phillies, at least, are hopeful that at long last he will live up to his rookie build-up.

Back in 1947, the Phillies tabbed him "faster than Lefty Grove." That's when they signed him, for a whopping \$65,000 bonus. The following two years he was in and out because of National Guard service and in 1950 was on his way to a 20-game year when, with 17 victories already posted, he was derrickd into service in August.

MARCHING HOME from European occupation duty, Curt didn't get any spring training in 1952 but still managed to win 14 games. The next season he upped that to 16 wins although he cut his foot painfully with a power mower.

Some think that injury altered his stride and started a resultant strain. Whatever the reason, in 1954 he dropped to a 14-15 mark as his shoulder began paining half way through the season. At times he could hardly throw the ball. Other times he appeared all right. "I went to a lot of doctors," he recalls. "They just couldn't find anything wrong. They told me to do absolutely nothing all winter and by spring it might be all right."

THE ARM FELT better in the spring, but Simmons, who usually keeps in shape playing basketball in the winter, was terribly out of shape. Then, when he did get into shape to pitch, the arm began to pain again.

"Some of them thought I was faking it," he says bitterly. "I wasn't. The arm felt like a rusty gate. I was in real pain."

It was a miserable spring for him, as he worked only three innings. His fast ball limped and he was lucky to post an 8-8 mark.

LAST WINTER, Curt determined to keep active and in shape. He went to Florida early and started working out gradually. And he was amazed, once he started throwing, that the arm didn't ache. It was stiff at times, sure, but the pain was gone.

Meanwhile, the Phillies had adopted a "show us" attitude. They wanted him to take a full 25 per cent salary cut. On top of that, he had to show them he was in condition.

So Curt pitched 21 innings this spring and he wasn't too concerned over the 22 hits he yielded. He was too happy over the fact that the pain was gone. And near the end, his blazing fast ball—possibly not quite so fast as of old—was jumping in the old manner.

"To me he's throwing better than he ever did," says Coach Whitlow Wyatt.

Simmons just grins. This year is the one which decides whether he stays a big-timer or sinks. Without that pain in his arm, he feels he can make it.

Ring Quiz Seeks Facts on Weill

OAKLAND (AP)—Jimmy Murray was scheduled to return to the stand today as a state committee sought to find out if the round promoter paid Manager Al Weill \$10,000 "under the table" for world champion Rocky Marciano's services last May.

James E. Cox, counsel for the committee which recently finished investigating the boxing game in Los Angeles, highlighted the first day of northern California hearings Wednesday by confronting Murray with six drafts of financial statements which listed a payment of \$10,000 to "A.W." in five cases and "Al Weill" in another. The so-called "work sheets" were rough drafts which Murray said he and his secretary prepared before issuing a financial statement on the Marciano-Don Cockell world heavyweight title fight in San Francisco last May 16.

Cox also submitted for evidence a checkbook stub showing a payment of \$10,000 to "A.W." on the day of the fight, saying that Rule 561 in the state boxing regulations bans "secret agreements" between managers, fighters or promoters. Guilty parties face loss of licenses.

Choquette Rides Four

HALLANDALE, Fla. (AP)—John Choquette rode four of the first five winners at Gulfstream Park Wednesday. He narrowly missed another winner in the feature race when he finished second aboard Mabecky.

KIWANIS CLUB LEADERS and Howard Haddock, City Recreation superintendent, today named Palm Springs Junior tennis players to compete in the National Junior finals at Arcadia in July and awarded trophies to last week's 14th annual Junior tourney winners. Above,

Bill Ford, Kiwanis president; Haddock, Frank Ripley, Gary Waters, chosen to play at Arcadia; and Don Bortoff, Kiwanis tennis chairman, Richard Reakes, another trophy winner, was unable to be present for the awards. (Desert Sun photo)

Bragan Gets Tough as His Bucs Falter

By CARL LUNDQUIST
United Press Sports Writer

Even at this early date it seems like a good time to pick losers in the major league pennant races and don't bet against the Pirates, Orioles, and Senators in the cellar derby.

Manager Bobby Bragan of the Pirates already has started fining his players for what he calls "mis-executions" and he really is going to sock them for up to \$1000 for violation of the 1 a.m. curfew. He claims the Giants, who have won two in a row from the Bucs, are an ordinary second division team and that the Pirates may beat them out.

BY NOW the Pirates must feel like the poor prize fighter who took a terrific battering but whose manager kept insisting that "The other guy isn't touching you." The prize fighter rejoined that the manager better get after the referee then, because somebody was bopping him to pieces.

The Pirates, at least made it tough all the way before losing to the Giants on both days. Willie Mays had to single home the winning run in the last of the ninth for Wednesday's 5-4 Giant victory.

THE YANKEES pounded out a 9-5 triumph over the Senators at Washington, making it a total of 19 runs in two days against the hapless hurlers of Cholly Dressen. And at Boston, the Red Sox came from behind to defeat Baltimore, 8-4, making it 16 tallies in two days for the Bostonians against the feeble flingers of Paul Richards.

The Kansas City at Detroit game in the American was called off because of cold weather and there were none others scheduled in either loop.

Dorando, a short and stocky welterweight, will go into the ring as a slight favorite over Mendoza.

Plans Launched by Managers of Softball Teams

Harbinger of the warm Summer nights, to come, first meeting of Softball team managers and Howard Haddock, City Recreation Department superintendent, was held this week at the Polo Grounds and plans launched for the 1956 season.

Managers of five teams were represented at the session. After discussion of rules to govern this year's play, it was voted to start the league schedule on June 5.

Official practice session for this year's entries in the Desert Softball League were scheduled to start Tuesday, May 1, and continue throughout the month.

Haddock said that any person interested in playing or in entering a team in the league could contact him at the Recreation Department office at the city hall in person or call him at 2202.

"All teams and rosters must be listed with the Recreation Department by May 14," he said. Next meeting of Softball team managers with Haddock will be held on that night.

Padres Move Into Second Spot in PCL

SAN DIEGO (AP)—The San Diego Padres tonight hope to maintain a winning streak by sending Pete Mesa 1-0 to the mound in a Pacific Coast League game against Vancouver.

The Padres defeated the Vancouver club, 10-5, Wednesday night to gain second place in the PCL standings, only half a game from first place Seattle. It was San Diego's second straight win over the Mounties in the present series to give the club a 5-3 record.

George Bamberger 0-0 was named opening pitcher for Vancouver. The Mounties need a win tonight to keep them out of the cellar.

While San Diego moved up in the PCL standings, the Los Angeles Angels dropped from a tie for first place to third position by losing to Portland, 6-0. Harry Perkowski 1-1 of Los Angeles faces Portland's Leroy Han 0-0 on the mound in today's clash at Wrigley Field.

The Hollywood Stars, currently the last-place team in the PCL race, went 14 innings Wednesday night, against Sacramento only to lose, 2-1. Pitchers Kirk Raydon 1-0 of Hollywood and Sacramento's Joe Stanka 0-1 will battle in tonight's game.

Alabama Revolt Showdown Near

TUSCALOOSA, Ala. (AP)—A showdown was due today between University of Alabama Athletic Director Hank Crisp and 92 subsidized athletes revolting against strict training regulations.

The athletes gave Crisp until 2 p.m. today to meet their demands for less restrictions. They said if he refused, they would not return to their rent-free dormitory, which they left Tuesday night.

The revolt placed the entire sports program in jeopardy. The rebels are members of the football, basketball and track squads and include virtually all athletes on scholarships except members of the baseball squad, which has been on tour.

SHINE 'EM UP! Local Sport Car Club Members to Participate in Pebble Beach Events

Six members of the Palm Springs sport car club will head for Pebble Beach, near Monterey, this weekend, for the Concours d'Elegance Saturday and the races Sunday.

Bill and Prim Eisworth, of Blue Skies Trailer Park, not only will enter three cars in the Concours, but will drive a new Mercedes Benz 300SL in a Monte Carlo Rally from Blue Skies to Pebble Beach.

Cal Gooden, a member of the New Yorkers, a musical combo who have played at Thunderbird and the Howard Manor, will pilot his Volkswagen, with his wife, Barbie, navigating in the Monte Carlo event.

Earle and Blanche Grace will drive their "Detroit iron" up Friday night, and stay with the other couples till the end of the races Sunday. Earle is president of the local club.

THE ELLSWORTHS have a busy schedule. Bill will drive his Rolls Royce, followed by Prim in her Mercedes Benz 300S. Tommy Hillman will drive their other entry, a classic Cord, Friday, and stay on to work on the cars.

The Ellsworths will then fly back to the Village, so they can start out Friday night as pilot and navigator in the Monte Carlo Rally. That means they will leave Blue Skies, driving the 300SL slowly, trying to maintain an average speed so that when they reach a check point, as yet secret, they will be able to hit Pebble Beach from that point at the same average speed. The check point will be open only between 10:30 a.m. to 1 p.m. Saturday.

THE GOODENS will leave Los Angeles, trying the same thing. They are living there now because Cal opens at the Town House and will go on the Johnny Carson TV show next week.

The Graces are going as spectators and good will ambassadors from the Palm Springs Sport Car Club. Ellsworth told Grace that he would probably suffer considerable embarrassment driving an American car.

"HAT CHECK ROOM AT
MAGNICIAN'S CONVENTION"

There's an out-of-work Magician named "GHIZMOE the Great" living at Mrs. Goonsgarten's boarding house this month. Mrs. G. claims he's a bum and the only trick he's good for is: "Disappearing When the Rent is Due." But she's mistaken because I've seen him perform some amazing feats of sleight-of-hand at the dinner table. Like the other night, he made my pork chop vanish, and while I was looking under the table for it I heard him say some magic words, "Chomp Chomp Chomp," and when I got up my Banana Cream Pie was gone. He also does the Indian Rope trick with a strand of spaghetti.

Research Done of What Makes Better Snowballs

UNIVERSITY PARK, Pa. —P—
A meteorologist at Pennsylvania
State University is spending \$10,
000 to find out why some snow
makes better snowballs.

Dr. Charles L. Hosler, associate
professor of meteorology and
campus weatherman, began the project
in September, 1954, and will
present his findings next September.
He seeks to answer technically,
the question: "When do ice crystals
become snowflakes?"

Hosler has found that "wet"
snow, the type that packs easily
and is ideal for making snowballs
and snowmen, is produced when
the temperature hovers near the
melting point. It is at that point
on the temperature scale that ice
crystals have their maximum co-
hesiveness.

In experiments, Hosler has
found that ice crystals will stick
together to form snowflakes at
temperatures between minus 13
and plus 32 degrees Fahrenheit.
This cohesive quality is vital in
forming snow since the snowflakes
must be heavy enough to fall from
the clouds.

Hosler said that as the mercury
declines toward the minus 13 de-
grees mark, crystals gradually
lose their ability to stick together.
As a result the snow is "drier"
and does not pack as well. Not
good for snowballs.

The meteorologist conducts his
experiments in a small cold cham-
ber. Two ice spheres are subjected
to temperatures ranging from
freezing to minus 68 degrees. They
are moved together by a screw ar-
rangement, and their cohesiveness
is measured by the force needed to
pull them apart.

The Hosler project, sponsored by
the National Science Foundation,
also involves photographing snow-
flakes as they fall. He said these
pictures will be used to see how ice
crystals "grow" in the atmosphere.

Traffic on Appian Way to be Halted After 2268 Years

ROME—AP—The famed Appian
Way, over which everything from
Roman legions to American jeeps
have traveled, may soon be retired
after 2,268 years of service.

The threat to the proud highway
comes not so much from its age—
it is still less bumpy than many
newer roads—but from archeol-
ogists who want to explore the se-
crets of its construction.

For the past year and a half, a
long segment of the road has been
closed to accommodate the diggers.
Today reports have spread that the
government does not plan to put
that part of the road back into use
at all, and many Romans are al-
ready protesting. It's still possible,
however, to drive past Gina Lollo-
brigida's pink villa on the ancient
via.

Romans probably are even more
enthusiastic about the road today
than they were when it was built
in 312 B.C. by an engineer named
Appius Claudius Caeceus.

The Romans of that day had
good reason to be pleased. Appius'
superhighway ran straight as an
arrow toward the rich Greek cities
of Southern Italy, which small but
ambitious Rome coveted. Hardly
was the last stone laid before Ro-
man legions were marching south
to conquer the Greek cities, and
cars soon were rumbling back
over the Via Appia with the spoils.
Upstart Rome was on the way to
becoming a great power.

Any threat to the road is likely
to provoke a hot controversy. Only
two years ago, the people of Rome
got the government to stop the
building of brilliant new villas
along the road on the grounds the
buildings were unworthy of the
Via Appia.

Travelers along the road today
see a wealth of ancient ruins, in-
cluding tombs, temples and via-
ducs. They may also see the spot
where the church built on the legend-
ary spot where Peter had his vision of
Christ.
